

That, that, after all

Order of order

By the way, I got my regular Class 1 driver's license after transferring schools.

Nothing comes to mind, so I'll just use the cover of the book...

Also, by the way...this situation would never come to pass...

The fact that he is a "former Self-Defense Force member" is an issue,  
and while an effective way to land a boxing hook  
is to aim for "the spot" (closer to the tip of the jaw),  
this would cause the brain to shake violently inside the skull, which could be fatal,  
so direct violent retaliation would be highly unlikely in this case.
