

A trip where you can take photos

I don't have the money or the opportunity to travel these days, so this hasn't happened to me,

「Can I take a picture?」

I'm often approached at least once per trip, and I'm often asked by Japanese female tourists on tours, but when we're traveling on the same option, it's sometimes assumed that I'll take photos.

I remembered that the purpose of my trip had become like work.
